

Community Engagement Manager | JC202202

15 March 2022 - At WomHub, we build incubators, accelerators and venture builders to support and develop female entrepreneurs in STEM. If you're interested in building a career in this space and working with cool entrepreneurs growing interesting businesses on the African continent, come and work for us.

Role: Community Engagement Manager

We are looking for a Community & Engagement Manager to develop and implement an approach to managing our global community of alumni, ambassadors, champions, and mentors. This includes active participation with passionate individuals to drive community building, enabling joined up planning, delivery and impact evaluation of programmes and running with initiatives to promote alumni engagement. The ideal candidate will form part of a team and contributes to the community building strategy and provide regular reports and management information to inform planning of future activities.

The overall objective will be to manage community groups and provide alumni with better support and opportunities for us to build a sense of identity and community for women and girls in STEM fields. The candidate will have the following responsibilities:

- Actively develop relationships and engagement opportunities with community members
- Develop material for onboarding new members
- Connect community members to opportunities within the community
- Coordinate a digital marketing campaign to source and continually engage members for our community group
- Curating and supporting social media groups
- Coordinate event planning and logistics for community events as requested and leverage
- Manage vendors
- Communicate with relevant stakeholders participating in WomHub | WomEng activities
- Manage communications through media relations and social media.
- Keep updated records and create reports on event planning risks, issues & progress
- Database management

How We Work: Everything we do is deliberate around the culture and values we aim to build. We are a team of go-getters with an online community of over 21 000 followers and more than 75 000 beneficiaries. We remain flexible while delivering on what is expected, often in tight timelines. We are open to new ideas and innovation while delivering excellence, consistently. We love energy and unique human beings that are responsible, accountable and take pride in what they deliver.

This is not your 9 to 5 or Monday to Friday. Imagine having the freedom to work from anywhere with WIFI while pioneering the future of work. Working with us can range from 10 – 40 hours a week with a market-related salary. With your knack for communicating simply and consistently and bringing your relevant skills to one of our required spaces, we can make magic happen as a team.

No one day will be the same. You will be championed for your successes and appreciated for your failures as a lesson learnt. The role will include a variety of different skills you will learn along with some exciting projects that will help make you want to get out of bed every morning to help us help girls and women across the world.
